### Noble metal legs

The wire tube bases of the chairs are available in the metal colours high-gloss chrome (surcharge), silver or bronze powder-coated.

### Fine wooden bases

The wooden bases are available in the oiled oak finish.

### Fine metal legs

The metal frame of the MD/MED chairs can be equipped with a swivel function (DDB) or swivel function with return mechanism (DRF) at an extra charge.

### Combined covers

This model can also be supplied in combined cover qualities and cover colours. See order information and image.

## ORDER INFORMATION

### Combined covers:

This model is available fully covered in fabric or leather as well as covered in combined covers. See image and price list.

**Price 1:** back outside

**Price 2:** seat and back inside

### Seam appearance:

Decorative, felled or double seams may appear different in fabric and leather versions. For manufacturing reasons, seams may be left out of the fabric version or replaced with simple seams.

### Load-bearing capacity:

A maximum load-bearing capacity of this chair up to 120 kg is guaranteed.

### Floor protection:

To protect your floor on smooth surfaces, you can attach felt glides to the frame.

**All of the dimensions given are approximate dimensions in cm in width/depth/height/seat height. We reserve the right to make changes.**

Seat depth: approx. **44 cm**

Armpart height MEX, MEY and MED armchairs:

front: ca. **67 cm** (MED ca. **66 cm**)

middle: ca. **70 cm** (MED ca. **69 cm**)

back: ca. **73 cm** (MED ca. **72 cm**)

**Please note:** The stand frame F8A has a different height. Consequently, the seat and overall height of the MD and MED chairs will be different from the rest of the chairs.

### Leg-/frame versions:

tube-wired frame FM5, in different colours

- high-gloss chrome **for surcharge** (item no. = CG, CG1)

- silver powder-coated M21

- bronze powder-coated M56

- black powder-coated M99

- wood frame FM8 in oiled oak P58

Stand frame rectangular tube for MD and MED **F8A**, in black powder-coated M99

- against surcharge incl. rotation function (Art.-No. DDB)

- against surcharge incl. rotation function with return spring (Art.-No. =DRF)

### Model-related feature:

The upholstery is deliberately processed casually to create a certain visual appearance. Waving is not a quality defect, but a model-related feature that ensures optimum seating comfort.

### Colour deviations:

The structure of the natural material wood is different for each delivery. Orders according to colour samples are excluded from complaints and exchange. We strive for the best possible match.

### Digital fabric/leather and colour samples:

The visual appearance of the covers and colour samples may vary, samples in accordance - colour and structure deviations possible.
