

[linea]

*This comfortable dining set speaks a modern design language. The straight lines are spiced up by bevelled armrests and the casual seat mat invites you to linger for longer. Chairs are available with different **metal bases**, depending on preference and design requirements. A contrasting **coloured thread** can provide the finishing touch in the dining room.*

The right turn

The MD and MED chairs are equipped with a swivel base in black powder-coated. A return mechanism is integrated - the chair automatically turns back to its starting position after standing up.

**Free-swinging frame**

The elegant free-swinging frame is powder-coated in black.

**Sledge frame**

The filigree sledge frame is black powder-coated.

**Contrasting thread**

In some leather and fabric colours this model can be supplied with a contrasting-coloured thread, at no surcharge.

**Order information****Chair upholstery structure:**

metal frame foamed in cold foam
seat upholstery structure - ergoPUR foam with diolen cover
back upholstery structure - metal frame, cold foam, ergoPUR foam and diolen cover

Load capacity:

A maximum load capacity of the benches of up to 80 kg per 70 cm seat is guaranteed.

Load-bearing capacity:

A maximum load-bearing capacity of this chair up to 120 kg is guaranteed.

Back sides of sofas:

All pieces are genuinely upholstered at the back.

Seam appearance:

Decorative, felled or double seams may appear different in fabric and leather versions. For manufacturing reasons, seams may be left out of the fabric version or replaced with simple seams.

All of the dimensions given are approximate dimensions in cm. We reserve the right to make changes. Dimensions are given as follows: width/depth/height/seat height. Height and depth measures include tucks.

The measure of width and depth does NOT include the possible protruding of the bases.

Seat depth: ca. **48 cm**

Armpart width: approx. **19 cm**

Armpart width chairs: ca. **8 cm**

Armpart height: ca. **85 cm**

Armpart height chairs: approx. **67 cm**

Note on seat height:

Seat height specifications refer to the unloaded state. The final seat height on this model is only reached over time by sitting in, due to the upholstery construction.

The final seat height is then approx. **50 to 51 cm**.

Seat widths of the benches at the front:

B160 approx. **144 cm**

B190 approx. **174 cm**

B220 approx. **204 cm**

B250 approx. **234 cm**

Leg/frame versions:

Benches:

sledge frame F 88 - in powder-coated black

MD/MED chair:

swivel frame incl. return spring F W1 - in powder-coated black

MX/MEX chair:

sled frame FW3 - in powder-coated black

MZ/MEZ chair:

cantilever frame F W2 - in powder-coated black

Model-specific qualities:

The upholstery of this model has intentionally been made loosely to create a certain visual effect. This is not a quality defect but a model-specific characteristic that guarantees optimum seat comfort.

Information on the upholstery structure:

Chamber cushions filled with a high-quality mix of polyester fibres and foam rods have been used in the seat. This can lead to depression of the individual chambers, which is a typical product characteristic.

Contrasting thread:

This model is available in leather and some fabric colours

with contrasting colour thread on request at no extra charge. You will find the specified colours on the cover sheet of the individual leather qualities in our fabric/leather trolley. Please always state the contrast thread number, otherwise it will be delivered tone in tone.

Floor protection:

For the protection of your floor with smooth surfaces you should attach felt planing hull on the frame.

Order checklist

- Item no. and cover
- Contrasting thread

Upholstered furniture frame structure

- 1. Frame** – seat: metal construction; back: beech wood structure
- 2. Seat suspension** with permanently elastic wave springs
- 3. Seat upholstery structure** of ergo-PUR-foam and a high quality mix of polyester fibres and foam rods, filled in boxes
- 4. Back suspension** due to upholstery strap
- 5. Back upholstery structure** of ergo-PUR-foam with diolen cover

Upholstered furniture made with passion.

Your model is the product of German design and engineering. The family-owned company W.SCHILLIG has more than 70 years' experience of technical skill, trend-setting ideas, attractive design and know-how from Germany. The result is upholstered furniture that guarantees first class comfort and attention to detail. We keep sustainability and protection of resources in mind when choosing the materials we use.

The RAL quality mark for furniture stands for the certain knowledge that this is a non-hazardous piece of furniture of reliably high quality and with an attractive design. The Deutsche Gütegemeinschaft Möbel makes sure of this with numerous tests. Inspections also safeguard the testing system.

The highest European accolade for systematic, in-house, environmental management. Improvement of environmental protection services.

MD/MED chair:

swivel frame incl. return spring F W1 - in powder-coated black

MX/MEX chair:

sled frame FW3 - in powder-coated black

MZ/MEZ chair:

cantilever frame F W2 - in powder-coated black

Legs and floor protection:

In case of very slender furniture legs with deliberately filigree shapes and with small surfaces, it comes to a raised pressure on the floor. We recommend felt pads or another suitable mat as protection for scratches and pressure points in connection with sensitive and/or soft floors. Even if you barely move the furniture, it can be helpful to have a carpeted floor.
