### Flexible seat depth

The back of some elements can be moved slightly to increase the seat depth (except corner sofas, corner, one arm chaises).

### Cross-sleeper

The sofas can be extended towards the front to form a cross-sleeper. Art. no. = A05 (nettle cover), A06 (original cover).

### Flexible armparts

The armparts are foldable and fitted with a notch function for a surcharge. Item no. = SV1, SV2.

### Flexible headrest

The items can be equipped with a step-by-step headrest height adjustment function for surcharge. Item no. = KV1, KV2, KV3.

### Ottomans with function

The ottomans GRF and GLF are equipped with an armpart with notch function which can also be used as back support.

## ORDER INFORMATION

### Back sides of sofas:

All pieces are genuinely upholstered at the back.

### Cross sleeper:

surcharge cross sleeper in nettle cover = **A05**  
surcharge cross sleeper in original cover = **A06**

A coil spring core is incorporated within the cross sleeper seats as well.

The cross sleeper is not useful for steady, daily usage.

**A bigger gap in the seat area arises construction-wise with the extended cross sleeper function with the corner element E in connection to the adjoining element.**

### Flexible armparts:

A max. load-bearing capacity up to 25 kg is guaranteed for functional armrests. They are not a seat.

**One arm chaises with double armpart:**

**www.schillig.com**

The front armpart can be raised to a greater maximum angle than the rear one, as it serves as a backrest.

Ottoman with folding armpart:

The right/left version of the ottoman with folding armpart must be specified so that the fabric run in the ottoman cover matches the fabric run when it is placed against the set. This prevents the fabric from changing colour.

### Ottomans with integrated storage space:

Some ottomans are equipped with a fold-out function with integrated storage space but no spring core. The GRF/GLF ottomans with folding armpart do have a spring core.

### Base leg Z:

If elements and sofas without or with 1 armpart are to be placed directly against elements or sofas without or with 1 armpart, a base leg Z is required and must be ordered separately.

### Connecting sides:

For a surcharge, the connecting sides can be supplied in the original cover instead of stretch fabric.

### Seam appearance:

Decorative, felled or double seams may appear different in fabric and leather versions. For manufacturing reasons, seams may be left out of the fabric version or replaced with simple seams.

### Contrasting thread:

This model is available in leather and some fabric colours with contrasting colour thread at no extra charge. You will find the specified colours in our fabric/leather trolley. Please state the no., otherwise tone-in-tone will be delivered.

**All of the dimensions given are approximate dimensions in cm. We reserve the right to make changes. Dimensions are given as**

**follows: width/depth/height/seat height and refer to the leg height ca. 10 cm. The depth measures include the overlapping of the headrest if the function is flapped backwards.**

Seat depth, back at the front: ca. **54 cm**

Seat depth, back at the back: ca. **70 cm**

Seat height: approx. **44/46 cm**

### Cross sleeper measures:

60-cm-grid width ca. **117 cm**

75-cm-grid width ca. **147 cm**

90-cm-grid ca. **177 cm**

depth ca. **70 cm** (additionally to the seat depth)

### Crease formation:

Fabric and leather stretch during use, „creases“ may form in the cover. This has no influence on use, function and service life and does not constitute a material defect.

### Note on upholstery construction:

Ticking cushions have been used in the back. These may show under the cover. This is a typical feature of the product.

### Digital fabric/leather and colour samples:

The visual appearance of the covers and colour samples may vary, samples in accordance - colour and structure deviations possible.

LEGS

ca. 10 cm/ seat height ca. 44 cm		wooden leg, <b>diff. stain shades</b>		metal leg <b>different metal colours</b>		metal leg gloss		metal leg gloss		metal leg brushed matt		metal castor/ottoman, <b>surcharge</b>
	F 96		F C3		F 2M		F 1T		F 87		F 6R	
ca. 12 cm/ seat height ca. 46 cm		wooden leg, <b>diff. stain shades</b>		metal leg <b>different metal colours</b>		metal leg gloss		metal leg gloss		metal leg brushed matt		metal castor/ottoman, <b>surcharge</b>
	F 97		F C4		F 2R		F 7K		F 5F		F 7R	

Two seat- /back heights:

The model is available in two different seat- and back heights. The second seat height is reached by a taller leg. Please specify the leg version.

Chromatic aberrations:

The wooden structure is different from ordering to ordering. Deliveries after colour samples are basically excluded from complaints and exchange. We take care of the best correspondence possible.

Leg colours:

The legs including wood are available in a choice of different stain shades. We are happy to advise you.

Metal colours:

The metal leg F C3/F C4 is available in different metal colours. Please indicate the colour when ordering.

Castors for ottomans:

Every ottoman can be equipped with castors for surcharge. The item no. is indicated with

an „R“ then (e.g. G..R). Two of the castors can be fixed. Please also note, that the castors are available in three different heights.

Powder-coated:

The colours M21 silver, M56 bronze and M99 black are powder-coated.

Legs and floor protection:

With slim furniture legs with a small gliding surface, there is increased pressure on the floor. We recommend fitting glides or an underlay to protect against scratches and

pressure marks on sensitive floors.

## UPHOLSTERED FURNITURE FRAME STRUCTURE

The design of the cross-section shown here is based on a sample and serves to illustrate the upholstery structure.

- 1. Frame** – Beech wood structure
- 2. Seat suspension** with permanently elastic wave springs
- 3. Seat upholstery structure** – spring core with di-olen cover incorporated into **ergo**-PUR-foam
- 4. Back suspension** due to upholstery strap
- 5. Back upholstery structure** with high quality mix of polyester fibres and foam rods, filled in boxes

### Upholstered furniture from passion.

For 75 years, this passion has led to the creation of high-quality and special pieces of furniture and designer furniture - sofas that combine elegant and contemporary design with first-class comfort. We stand for craftsmanship, trend-setting ideas, appealing design and know-how from Germany. The result is upholstered furniture with guaranteed first-class comfort and attention to detail. When selecting the materials used, we pay attention to sustainability and the conservation of resources.

- Traditional craftsmanship down to the last detail
- High-quality, environmentally friendly materials
- Careful & precise workmanship
- Cooperation with renowned furniture designers
- Production according to DIN & RAL quality guidelines of the Deutsche Gütegemeinschaft Möbel e.V.
- Regularly tested product quality „Made in Germany“
- Development at the Upper Franconian location in Ebersdorf near Coburg
- Carefully selected fabric and leather cover collections in many colours for a wide range of requirements.
