Metal colours for legs

Some legs can be ordered in high-gloss chrome-, silver-, bronze- or black-coloured. Please indicate when ordering.

**Contrasting thread**

**Loose cushions and pillows**

You decide which cushion or pillow you want to order. Please indicate. The pillows are necessary for the perfect seating comfort.

**Combined covers**

This model can also be supplied in combined cover qualities and cover colours. See order information and image.

**The right turn**

The MD armchair is equipped with a swivel leg.

**Order information****Back sides of sofas:**

All pieces are genuinely upholstered at the back.

Connecting sides:

For a surcharge, the connecting sides can be supplied in the original cover instead of stretch fabric.

Seam appearance:

Decorative, felled or double seams may appear different in fabric and leather versions. For manufacturing reasons, seams may be left out of the fabric version or replaced with simple seams.

All of the dimensions given are approximate dimensions in cm. We reserve the right to make changes. Dimensions are given as follows: width/depth/height/seat height. Measurements are shown without cushions and pillows.

Seat depth: approx. 65 cm

Base leg Z:

If elements and sofas with or without an arm part are to be attached directly to elements or sofas with or without an arm part, a base leg Z is required. The base leg must be ordered separately. See price list.

Positioning diagram:

Please send us a positioning diagram, depending on the many different variations available. We have marked the connecting sides in red for some elements in the type guide.

Contrasting thread:

In some leather and fabric colours, this model can be supplied with a contrasting coloured thread, at no surcharge. The colours as given can be found on the main sheet of each leather quality in the fabric/leather wagon. Please always specify the contrasting thread number or tonal colours will be supplied.

Loose cushions:

The back cushions are loose and must be ordered separately for the perfect seating comfort.

Crease formation:

Fabric and leather stretch to a lesser or larger extent under the influence of body weight, which can lead to the formation of creases in the cover. This visual change does not affect use, function and life span and it is not a defect.

Metal colours:

All legs are available in different metal colours. Please indicate when ordering.

Powder-coated:

The colours M21 silver, M56 bronze and M99 black are powder-coated.

Legs and floor protection:

In case of very slender furniture legs with deliberately filigree shapes and with small surfaces, it comes to a raised pressure on the floor. We recommend felt pads or another suitable mat as protection for scratches and pressure points in connection with sensitive and/or soft floors. Even if you barely move the furniture, it can be helpful to have a carpeted floor.

Legs for armchair:

The MD turnable armchair is available with the leg F 6Q, only.
