### Flexible seat depth

The back of some units can be moved backwards to increase the seat depth, see type plan. The total depth changes.

### Metal colours for legs

Some legs can be ordered in high-gloss chrome-, silver, bronze- or black-coloured. Please indicate.

### Seam design

The model is made in fabric with felled stitch. In leather with decorative cross stitch. A contrasting thread in leather and some fabric colours is available.

### Flexible plug-in headrest

The U 92 headrest with joint can be inserted between the back of the carcase and the back cushion (except for article EL - here only in the middle back).

### Absolute eye-catcher

The beautiful, cubic armparts of the model provide an interesting look. The armpart pillow can be placed here.

## ORDER INFORMATION

### Back sides of sofas:

All pieces are genuinely upholstered at the back.

### Connecting sides:

For a surcharge, the connecting sides can be supplied in the original cover instead of stretch fabric.

### Positioning diagram:

Please send us a positioning diagram, depending on the different variations available. The connecting sides got marked in red for some elements in the type guide.

### Base leg Z:

If elements and sofas without or with 1 armpart are to be placed directly against elements or sofas without or with 1 armpart, a base leg Z is required and must be ordered separately.

### Seam appearance:

Decorative, felled or double seams may appear

[www.schillig.com](http://www.schillig.com)

different in fabric and leather versions. For manufacturing reasons, seams may be left out of the fabric version or replaced with simple seams.

### Contrasting thread:

This model is available in leather and some fabric colours with contrasting colour thread at no extra charge. You will find the specified colours in our fabric/leather trolley. Please state the no., otherwise tone-in-tone will be delivered.

**All of the dimensions given are approximate dimensions in cm in width/depth/height/seat height. We reserve the right to make changes.**

Seat depth: approx. **61 cm**

Seat depth with function: ca. **81 cm**

Armpart width: ca. **36 cm**

Armpart height: approx. **52 cm**

**Measurements of the corner combinations:**

With this model the seat of the one arm chaises the seat rises approx. 2 to 3 cm into the connecting side. Therefore other total measures occur than by pure addition of the article measurements. Please note.

### Especially casual upholstery:

The upholstery is especially casually processed to create a certain appearance with a super soft surface. The covers may already show a pronounced wavy appearance on delivery, which is intentional due to the design and construction and may become even more pronounced with use. This is not a quality defect, but a model-related characteristic.

### Note on upholstery construction:

Ticking cushions have been used in the seat and back. This can lead to the marking of individual chambers and is a typical feature of the product.

### Digital fabric/leather and colour samples:

The visual appearance of the covers and colour samples may vary, samples in accordance - colour and structure deviations possible.

### Technical change regarding the plug-in head restraints:

From order date 1st November 2024, the plug-in head restraints will no longer be supplied with a metal bracket in glossy chrome but in black powder-coated.

LEGS

metal leg **diff. metal col.**

F C3

**Metal colours:**

All legs are available in different metal colours. Please indicate when ordering.

**Powder-coated:**

The colours M21 silver, M56 bronze and M99 black are powder-coated.

**Leg and floor protection:**

Slim furniture legs with a small gliding surface exert increased pressure on the floor. For

sensitive floors, we recommend fitting glides/ an underlay to protect against scratches and pressure marks.

- 1. Frame** – beech wood structure; back: metal construction
- 2. Seat suspension** with permanently elastic wave springs
- 3. Seat upholstery structure** of ergo-PUR-foam and a high quality mix of polyester fibres and foam rods
- 4. Back suspension** with upholstery strap and ergoPUR-foam
- 5. Back upholstery structure** with high quality mix of polyester fibres and foam rods, filled in boxes

## UPHOLSTERED FURNITURE QUALITY

### Upholstered furniture from passion.

For 75 years, this passion has led to the creation of high-quality and special pieces of furniture and designer furniture - sofas that combine elegant and contemporary design with first-class comfort. We stand for craftsmanship, trend-setting ideas, appealing design and know-how from Germany. The result is upholstered furniture with guaranteed first-class comfort and attention to detail. When selecting the materials used, we pay attention to sustainability and the conservation of resources.

- Traditional craftsmanship down to the last detail
- High-quality, environmentally friendly materials
- Careful & precise workmanship
- Cooperation with renowned furniture designers
- Production according to DIN & RAL quality guidelines of the Deutsche Gütegemeinschaft Möbel e.V.
- Regularly tested product quality "Made in Germany"
- Development at the Upper Franconian location in Ebersdorf near Coburg
- Carefully selected fabric and leather cover collections in many colours for a wide range of requirements.
