Elegance meets lightness

The **caipirinjaa** 16568 model combines modern comfort with timeless aesthetics. The generous seat design appears stable and light at the same time thanks to its floating construction. A seat depth adjustment ensures individual comfort, optionally supplemented by an armrest adjustment. Lumbar cushions offer additional support and comfort. The metal leg is available in various colours, with contrasting thread at no extra charge. Fine stitching and elegant piping emphasise the high-quality workmanship.
