Room for development.

The most striking feature of **bonnie** 16660 is the cuddly corner, which takes our comfort to a new level once again. But **bonnie** 16660 has even more to offer - the integrated seat depth adjustment. The striking tuck on the outer edge of the cushions underlines the overall picture. The side panels can be optionally adjusted and can create more individuality in the world of comfort.

Especially casual upholstery:

The upholstery is especially casually processed to create a certain appearance with a super soft surface. The covers may already show a pronounced wavy appearance on delivery, which is intentional due to the design and construction

and may become even more pronounced with use. This is not a quality defect, but a model-related characteristic.

Cozy corners W...:

The big cozy corners are delivered as an „disassembled article“ due to their oversize. The delivery includes 1 seat part and 4 back parts as well as the legs and the assembly material. Assembly instructions are enclosed.

Digital fabric/leather and colour samples:

The visual appearance of the covers and colour samples may vary, samples in accordance - colour and structure deviations possible.
