Thread design

The model has double seam in fabric and pearl thread double seam or decorative cross stitch in leather. Contrasting thread in leather is possible at no surcharge.

Combined covers

This model can also be supplied in combined covers and combined cover colours. See order information.

High back cushion

For items with the suffix 'H', the back cushions are approx. 10 cm higher and have a sewn-on roll to rest on.

Metal colours for legs

The base can be ordered in glossy chrome or black powder-coated. Please specify the desired look.

ORDER INFORMATION

Combined covers:

This model can also be supplied in a combination of different cover qualities and colours. See price list.

Price 1: base and seat

Price 2: back cushion

Further combination options as special production at extra cost:

Price 1: carcass

Price 2: seat and back cushions

Please enquire separately with the manufacturer if desired!

Loose cushions:

There are loose seat and back cushions with this model (except ottomans). **Although the back cushions are loose, they do not have to be ordered separately. The back cushions are included with the respective article.**

www.schillig.com

Seam appearance:

Decorative, felled or double seams may appear different in fabric and leather versions. For manufacturing reasons, seams may be left out of the fabric version or replaced with simple seams.

Base leg Z:

If elements and sofas without or with 1 arm part are to be placed directly against elements or sofas without or with 1 arm part, a base leg Z is required and must be ordered separately.

Contrasting thread:

This model is available in leather and some fabric colours with contrasting colour thread at no extra charge. You will find the specified colours in our fabric/leather trolley. Please state the no., otherwise tone-in-tone will be delivered.

Thread finish:

The model has a double seam in fabric. In

leather/with contrasting thread a pearl double seam is processed. Alternatively, you can choose a cross decorative seam in leather. Please specify. **Please note: The cross stitching is not possible in the fabric version!**

All of the dimensions given are approximate dimensions in cm in width/depth/height/seat height. We reserve the right to make changes.

Seat depth: approx. **65 cm**

Seat depth without back cushion: approx. **83 cm**

Arm part width: approx. **21 cm**

Arm part height: approx. **64 cm**

Loose seat and back cushions:

Due to loose seat and back cushions measures may vary. Measures were taken with oriented seat and back cushions. The cushions change shape during use and must be knocked up regularly.

Note on upholstery construction:

Ticking cushions have been used in the seat and back. This can lead to the marking of individual chambers and is a typical feature of the product.

Especially casual upholstery:

The upholstery is especially casually processed to create a certain appearance with a super soft surface. The covers may already show a pronounced wavy appearance on delivery, which is intentional due to the design and construction and may become even more pronounced with use. This is not a quality defect, but a model-related characteristic.

Corner elements:

Please note that the alignment „left/right“ is oriented at the position of the corner on the corner element.

Oversized articles:

The articles N200, NH200, N200R/L, NH20R/L, E200R/L, EH20R/L are delivered disassembled (2x 100 seat/back unit, 2x 100 back cushion, 1x 200 seat cushion throughout).

Different height back cushions: [W]Articles with low back cushions and articles with high back cushions can certainly be combined with each other as desired.

Digital fabric/leather and colour samples:

The visual appearance of the covers and colour samples may vary, samples in accordance - colour and structure deviations possible.
