Flexible seat depth

On some units, the backs can be moved back a few cm to increase the seat depth. The total depth changes.

Flexible armparts

The armparts are foldable and fitted with a notch function for a surcharge. Item no. = SV1, SV2.

Flexible headrest

Articles with backs can be equipped with a headrest adjustment with notch function (surcharge, item no. = KV1, KV2).

Castors for ottoman

The ottomans can be fitted with double parquet castors for surcharge.

Simply nice

The discreetly used, striking tuck at the outside edges of the upholstery provides a unique look.

ORDER INFORMATION

Flexible armparts:

Maximum load capacity up to 25 kg, they are not seats.

Back sides of sofas:

All pieces are genuinely upholstered at the back.

Positioning diagram:

Please send us a positioning diagram, depending on the different variations available. The connecting sides got marked in red for some elements in the type guide.

Connecting sides:

For a surcharge, the connecting sides can be supplied in the original cover instead of stretch fabric.

Seam appearance:

Decorative, felled or double seams may appear different in fabric and leather versions. For manufacturing reasons, seams may be left out

www.schillig.com

of the fabric version or replaced with simple seams.

All of the dimensions given are approximate dimensions in cm in width/depth/height/seat height. We reserve the right to make changes. The measures depend on armparts without function for surcharge.

The measurements are given incl. tuck.

Seat depth: approx. **62 cm**

Seat depth with function: approx. **80 cm**

Overall depth sofas, with rear back: approx.

119 cm

Seat depth one arm chaise: approx. **139 cm**

Seat depth one arm chaise with function:

approx. **157 cm**

Recommended wall distance: approx. **20 cm**

Armpart width fixed version: approx. **29 cm**

Armpart height fixed version: approx. **60 cm**

Armpart width with function full down: ca. **36**

cm

Armpart height with function full down: ca. **49**

cm

Armpart width with function full up: approx.

23 cm

Armpart height with function full up: approx.

64 cm

Measurements of the corner combinations:

With this model the seat of the one arm chaises the seat rises approx. 2 to 3 cm into the connecting side. Therefore other total measures occur than by pure addition of the article measurements. Please note.

Particularly casual upholstery:

The upholstery of the model is particularly casually processed to create a certain visual appearance, which is characterised by a super soft surface. Covers may already show a pronounced wave pattern on delivery, which is

intentional in terms of design and construction and can become even more pronounced during use. This is not a quality defect, but a model-related characteristic.

Note on upholstery construction:

For this model, inlets with chamber cushions have been processed in the back cushions. This can lead to the marking of individual chambers and is a typical feature of the product.

Digital fabric/leather and colour samples:

The visual appearance of the covers and colour samples may vary, samples in accordance - colour and structure deviations possible.

UPHOLSTERED FURNITURE FRAME STRUCTURE

The design of the cross-section shown here is based on a sample and serves to illustrate the upholstery structure.

- 1. Frame** – beech wood structure; back: metal construction
- 2. Seat suspension** with permanently elastic wave springs
- 3. Seat upholstery structure** – spring core with di-olen cover incorporated into **ergo**-PUR-foam
- 4. Back suspension** due to upholstery strap
- 5. Back upholstery structure** of high-quality mix of polyester fibres and foam sticks, filled in cushion boxes

Upholstered furniture from passion.

For more than 75 years, this passion has led to the creation of high-quality and special pieces of furniture and designer furniture - sofas that combine elegant and contemporary design with first-class comfort. We stand for craftsmanship, trend-setting ideas, appealing design and know-how from Germany. The result is upholstered furniture with guaranteed first-class comfort and attention to detail. When selecting the materials used, we pay attention to sustainability and the conservation of resources.

- Traditional craftsmanship down to the last detail
- High-quality, environmentally friendly materials
- Careful & precise workmanship
- Cooperation with renowned furniture designers
- Production according to DIN & RAL quality guidelines of the Deutsche Gütegemeinschaft Möbel e.V.
- Regularly tested product quality „Made in Germany“
- Development at the Upper Franconian location in Ebersdorf near Coburg
- Carefully selected fabric and leather cover collections in many colours for a wide range of requirements.
