

[wilson]

Unmistakable.

[wilson] attracts attention with its unmistakable, decorative **quilting**. But the absolute highlight is the optional, hidden, motorised seat extension. You can determine the colour of the furniture legs yourself, as well as the **seat height** of your dream sofa.

Extendible lying surface

Some items can be fitted with the seat extension in return for a surcharge. The

total depth extends. The sensor touch button is located in the middle under the back cushion. Item no. = A02.

**Metal colours for legs**

Some legs can be ordered in high-gloss chrome-, silver-, bronze- or black-coloured. Please indicate when ordering.

**Castors for ottomans**

The ottomans can be equipped with castors for surcharge. Two of the castors can be created. Thus a comfortable, big couch surface can be created.

**Leg and seat heights**

The model is available in different seat heights according to the different leg heights. The leg design has to be indicated.

**Order information****Back sides of sofas:**

All pieces are genuinely upholstered at the back.

Positioning diagram:

Please send us a positioning diagram, depending on the amount of different variations available. We have marked the connecting sides in red for end elements in the type guide.

Connecting sides:

For a surcharge, the connecting sides can be supplied in the original cover instead of stretch fabric.

Seam appearance:

Decorative, felled or double seams may appear different in fabric and leather versions. For manufacturing reasons, seams may be left out of the fabric version or replaced with simple seams.

All of the dimensions given are approximate dimensions in cm. We reserve the right to make changes. Dimensions are given as follows: width/depth/height/seat height.

Seat depth: approx. **63 cm**

Seat depth with function: ca. **84 cm**

Overall depth with function: approx. **123 cm**

Armpart height: front: approx. **58 cm**

rear: approx. **56 cm**

Armpart width: ca. **24 cm**

Armpart depth: approx. **98 cm**

Armpart depth long chair: approx. **142 cm**

Measures of the ottomans:

Constructionwise the ottomans are 1 cm lower in the seat height than the sofas.

Measurements of the corner combinations:

With this model the seat of the one arm chaises the seat rises approx. 2 to 3 cm into the connecting side. Therefore other total measures occur than by pure addition of the article measurements. Please note.

Especially loose-fitting upholstery:

The upholstery of this model has intentionally been made especially loose to create a certain visual effect. The especially loose-fitting upholstery is characterized by an extremely soft surface. When being delivered, the cover shows a distinctive wave formation, which design- and constructionwise is being desired and can get more by usage. It is not a quality defect but a model-specific characteristic.

Information on the upholstery structure:

Chamber cushions filled with a high-quality mix of polyester fibres and foam rods have been used in the seat and back. This can lead to depression of the individual chambers, which is a typical product characteristic.

Base leg Z:

If elements and sofas with or without an armpart are to be attached directly to elements or sofas with or without an armpart, a base leg Z is required. The base leg must be ordered separately. See price list.

Upholstered furniture made with passion.

Your model is the product of German design and engineering. The family-owned company W.SCHILLIG has more than 70 years' experience of technical skill, trend-setting ideas, attractive design and know-how from Germany. The result is upholstered furniture that guarantees first class comfort and attention to detail. We keep sustainability and protection of resources in mind when choosing the materials we use.

The RAL quality mark for furniture stands for the certain knowledge that this is a non-hazardous piece of furniture of reliably high quality and with an attractive design. The Deutsche Gütegemeinschaft Möbel makes sure of this with numerous tests. Inspections also safeguard the testing system.

The highest European accolade for systematic, in-house, environmental management. Improvement of environmental protection services.

Leg and seat heights:

Due to different leg heights, the model is available in different seat and total heights. The leg design has to be indicated.

Metal colours:

The leg is available in different metal colours. Please indicate when ordering.

Powder-coated:

The colours M21 silver, M56 bronze and M99 black are powder-coated.

Legs and floor protection:

In case of very slender furniture legs with deliberately filigree shapes and with small surfaces, it comes to a raised pressure on the floor. We recommend felt pads or another suitable mat as protection for scratches and pressure points in connection with sensitive and/or soft floors. Even if you barely move the furniture, it can be helpful to have a carpeted floor.

Castors for ottomans:

Every ottoman can be equipped with castors against surcharge. The item number is RO. Two of the castors can be fixed.
