

[sam]

Strength and detail-loving design.

*sam's base is a strong metal frame surrounded with noble materials. The fold at the armpart as well as the stitched back cushions are **catching** someone's eye.*

*The elegant base is beautifully covered in fabric or leather or is available as well as in different **wood finishes**.*

Cover: Z83/95 graphite

Absolutely eye-catching

The armpart design of the model provides an interesting look and stands for special craftsmanship.

**Beautiful stitches**

The back cushions of this model have beautiful diamond-shaped stitches. There's an elegant piping at the armpart as well as at the cushions.

**Base**

The base is wonderfully integrating into the models' shape. It is available covered with the chosen leather or fabric. It can be ordered in natural oiled oak (item no. EI) or oiled walnut (item no. NU) for surcharge.

**Noble runner**

A beautiful metal runner (item no. MK...) is available for surcharge and in different metal colours.

**Contrast thread**

This model is available in leather and some fabric colors with contrasting thread color on request at no extra charge. In this case, however, the stitched back cushions are manufactured with standard thread color - tone-in-tone - and not with contrasting thread.

Order information

Assigned back cushions:

With this model back cushions are assigned to every article according to the seat grid. In addition, the original back cushions are also orderable separately. Small cushions are not included with the order of the articles. These must be ordered always separately when required.

Lose cushions:

There are loose seat and back cushions with this model (except ottomans and connecting ottomans).

Wood base:

The wooden base is available in original oak wood (item no. = EI1) or original walnut-tree (item no. = NU1) for surcharge. Alternatively it can be delivered covered in the chosen fabric or leather (no surcharge). **Please indicate when ordering.**

Chromatic aberrations:

The wooden structure is different from ordering to ordering. Deliveries after colour samples are basically excluded from complaints and exchange. We take care of the best correspondence possible.

Back sides of sofas:

All pieces are genuinely upholstered at the back.

Positioning diagram:

Please send us a positioning diagram, depending on the many different variations available. We have marked the connecting sides in red for some elements in the type guide.

Base leg Z:

If elements and sofas with or without an armpart are to be attached directly to elements or sofas with or without an armpart, a base leg Z is required. The base leg must be ordered separately. See price list.

Connecting sides:

For a surcharge, the connecting sides can be supplied in the original cover instead of stretch fabric.

Seam appearance:

Decorative, felled or double seams may appear different in fabric and leather versions. For manufacturing reasons, seams may be left out of the fabric version or replaced with simple seams.

All of the dimensions given are approximate dimensions in cm. We reserve the right to make changes. Dimensions are given as follows: width/depth/height/seat height. The measures refer to the leg height ca. 17 cm.

Loose seat and back cushions:

Due to loose seat and back cushions measures may vary. Measures were taken with oriented seat and back cushions.

Seat depth sofas, connecting sofas with placed back cushion: approx. **62 cm**

Especially loose-fitting upholstery:

The upholstery of this model has intentionally been made especially loose to create a certain visual effect. The especially loose-fitting upholstery is characterized by an extremely soft surface. When being delivered, the cover shows a distinctive wave formation, which design- and constructionwise is being desired and can get more by usage. It is not a quality defect but a model-specific characteristic.

Information on the upholstery structure:

Chamber cushions filled with a high-quality mix of polyester fibres and foam rods have been used in the back of this model. This can lead to depression of the individual chambers, which is a typical product characteristic.

Contrasting thread:

This model is available in leather and some fabric colours with contrasting colour thread on request at no extra charge. You will find the specified colours on the cover sheet of the individual leather qualities in our fabric/leather trolley. Please always state the contrast thread number, otherwise it will be delivered tone in tone. If the contrasting thread is ordered, the seams at the stitched back cushions ever are produced in the standard coloured thread. Not in contrasting thread! The contrasting thread implementation is used for the seams at the armpart as well as the back body, only.

Order checklist

- Structure and cover
- Base oak/walnut (surcharge)
- Leg design
- Metal runner (surcharge)
- Metal colour for legs
- Wooden leg colour
- Flexible plug-in headrest
- Positioning diagram
- Ottomans
- Contrasting thread
- Accessories
- Base leg Z

Upholstered furniture frame structure

- 1. Frame** – metal construction; back: beech wood construction
- 2. Seat suspension** with permanently elastic wave springs

Upholstered furniture made with passion.

Your model is the product of German design and engineering. The family-owned company W.SCHILLIG has more than 70 years' experience of technical skill, trend-setting ideas, attractive design and know-how from Germany. The result is upholstered furniture that guarantees first class comfort and attention to detail. We keep sustainability and protection of resources in mind when choosing the materials we use.

- metal leg diff. metal col.
F 51
- metal runner flat steel diff. metal col. surcharge
F R6

Metal colours:

Some of the metal legs are available in different metal colours. Please indicate the colour when ordering.

Powder-coated:

The colours M21 silver, M56 bronze and M99 black are powder-coated.

Leg colours:

The legs including wood are available in a choice of different stain shades. We are happy to advise you.

Chromatic aberrations:

The wooden structure is different from ordering to ordering. Deliveries after colour samples are basically excluded from complaints and exchange. We take care of the best

correspondence possible.

Legs and floor protection:

In case of very slender furniture legs with deliberately filigree shapes and with small surfaces, it comes to a raised pressure on the floor. We recommend felt pads or another suitable mat as protection for scratches and pressure points in connection with sensitive and/or soft floors. Even if you barely move the furniture, it can be helpful to have a carpeted floor.
