

## [stella]

*Everywhere is comfort.*

Hamoniously curved **armparts** can be adjusted.

The flexible headrests with notch function as well as the adjustable **seat depth** leave no wishes. The integrable intertable creates discreet storage space for everything that one uses with pleasure at the sofa.

Cover: Z73/21 stone

All specified dimensions are approximate in width/depth/height/seat height. We would like to point out that deviations of +/- 2 cm may occur depending on the filling material used and its upholstering.  
Please contact us if you would like more detailed information. We reserve the right to make technical changes.

<b>Flexible seat depth</b> At some elements the back can be pushed forward step-by-step per seat to adjust the seat depth. The total depth is changing.	
<b>Flexible armparts</b> The armparts are foldable and fitted with notch function for a surcharge. Item no. = SV1, SV2.	
<b>Flexible headrest</b> Every item can be equipped with a headrest adjustment which notch function for a surcharge. Item no. = KV1, KV2, KV3.	
<b>Wooden elements</b> The intermediate element LT40 has a wooden storage room. It can be ordered in different shades. See order information. The flapping function with storage space comes as standard.	 

## Order information

### Flexible armparts:

A maximum load-bearing capacity up to 25 kg is guaranteed for the functional armrests. They are not made for sitting on.

### Colour for table:

The wooden elements at the intermediate tables are available in different shades. In original walnut hardwood (surcharge) and original oak hardwood (no surcharge).

### Chromatic aberrations:

The wooden structure is different from ordering to ordering. Deliveries after colour samples are basically excluded from complaints and exchange. We take care of the best correspondence possible.

### Back sides of sofas:

All pieces are genuinely upholstered at the back.

### Positioning diagram:

Please send us a positioning diagram, depending on the many different variations available. We have marked the connecting sides in red for end elements in the type guide.

### Base leg Z:

If elements and sofas with or without an armpart are to be attached directly to elements or sofas with or without an armpart, a base leg Z is required. The base leg must be ordered separately. See price list.

### Standard deep and extra deep elements:

Elements with standard depth are shown light grey coloured, extra deep elements dark grey coloured.

### Connecting sides:

For a surcharge, the connecting sides can be supplied in the original cover instead of stretch fabric.

### Seam appearance:

Decorative, felled or double seams may appear different in fabric and leather versions. For manufacturing reasons, seams may be left out of the fabric version or replaced with simple seams.

### Contrasting thread:

In some leather colours, this model can be supplied with a contrasting coloured thread, at no surcharge. The colours as given can be found on the main sheet of each leather quality in the fabric/leather wagon. Please always specify the contrasting thread number or tonal colours will be supplied.

### Recommendation:

We recommend the tables from the model range 40024 as an accessory. As storage place onto the ottomans we recommend the plexiglass cover L010 or a roll mat from model range 10006.

**All of the dimensions given are approximate dimensions in cm. We reserve the right to make changes. Dimensions are given as follows: width/depth/height/seat height. The depth measures contain protruding of the overlapping headrest, if the headrest is folded backwards. The measures depend on armparts without function for surcharge.**

Seat depth: ca. **54 cm**

Seat depth with function: ca. **67 cm**

### Especially loose-fitting upholstery:

The upholstery of this model has intentionally been made especially loose to create a certain visual effect. The especially loose-fitting upholstery is characterized by an extremely soft surface. When being delivered, the cover shows a distinctive wave formation, which design- and constructionwise is being desired and can get more by

usage. It is not a quality defect but a model-specific characteristic.

### Information on the upholstery structure:

Chamber cushions filled with a high-quality mix of polyester fibres and foam rods have been used in the seat and in the back cushions. This can lead to depression of the individual chambers, which is a typical product characteristic.

## Order checklist

- Structure and cover
- Leg design
- Wooden leg colour
- Metal colour for legs
- Flexible armparts (surcharge)
- Manually headrest adj. (surcharge)
- Implementation of the table top - oak or walnut-tree (walnut-tree for surcharge)
- Ottomans/panel for ottomans (order information)
- Castors for ottomans (surcharge)
- Positioning diagram
- base leg Z
- Contrasting thread

## Upholstered furniture frame structure

**1. Frame** – Beech wood structure

**2. Seat suspension** with permanently elastic wave springs and coil spring core incorporated into **ergo-PUR-foam**

**3. Seat upholstery structure** of high density mix of polyester fibres and foam rods

**4. Back suspension** with upholstery strap

**5. Back upholstery structure** with a high quality mix of polyester fibres and foam rods, filled in cushion boxes, with mechanic in the back

The design of the cross section shown here does not correspond to the model on this page of the catalogue.

## Upholstered furniture made with passion.

Your model is the product of German design and engineering. 70 years' experience of technical skill, trend-setting ideas, attractive design and know-how from Germany. The result is upholstered furniture that guarantees first class comfort and attention to detail. We keep sustainability and protection of resources in mind when choosing the materials we use.

The RAL quality mark for furniture stands for the certain knowledge that this is a non-hazardous piece of furniture of reliably high quality and with an attractive design. The Deutsche Gütegemeinschaft Möbel makes sure of this with numerous tests. Inspections also safeguard the testing system.

The highest European accolade for systematic, in-house, environmental management. Improvement of environmental protection services.

recommend felt pads or another suitable mat as protection for scratches and pressure points in connection with sensitive and/or soft floors. Even if you hardly slip the furniture it can be helpful have a carpeted floor.

### Leg colours:

The legs including wood are available in a choice of different stain shades. We are happy to advise you.

### Chromatic aberrations:

The wooden structure is different from ordering to ordering. Deliveries after colour samples are basically excluded from complaints and exchange. We take care of the best correspondence possible.

### Metal colours:

Some of the metal legs are available in different metal colours. Please indicate the colour when ordering.

### Powder-coated:

The colours M21 silver, M56 bronze, M95 anthracite and M99 black are powder-coated.

### Castors for ottomans:

Every ottoman can be equipped with castors against surcharge. The item number is R0. Two of the castors can be fixed.

### Legs and floor protection:

In the case of very slender furniture legs in deliberately filigree shapes and with small surfaces it comes to a raised pressure on the floor. We
