Model-specific qualities:

The upholstery of this model has intentionally been made loosely to create a certain visual effect. This is not a quality defect but a model-specific characteristic that guarantees optimum seat comfort.

Base leg Z:

If elements and sofas with or without an armpart are to be

attached directly to elements or sofas with or without an armpart, a base leg Z is required. The base leg must be ordered separately. See price list.

Contrasting thread:

This model is available in leather and some fabric colours with contrasting colour thread on request at no extra charge. You will find the specified colours on the cover sheet of the individual leather qualities in our fabric/leather trolley. Please always state the contrast thread number, otherwise it will be delivered tone in tone.

Information on the upholstery structure:

Chamber cushions filled with a high-quality mix of polyester fibres and foam rods have been used in the back of this model. This can lead to depression of the individual chambers, which is a typical product characteristic.
