[loop]

No time for boredom

Functional armrests and insert backrests live up to all expectations in personal comfort.

This model can also be supplied in a combination of different cover qualities and colours.
All specified dimensions are approximate in width/depth/height/seat height. We would like to point out that deviations of +/- 2 cm may occur depending on the filling material used and its upholstering.

Please contact us if you would like more detailed information. We reserve the right to make technical changes.
Flexible armparts/one arm chaise with ottoman at the end
The armparts of the elements with die appendix “F” (the KG 06/07) are foldable as standard and fitted with notch function.

Plug-in backrest
The plug-in backrest RK can be individually plugged into the elements KG 06/07 and KL 06/07.

Extendible lying surface
Some items can be fitted with the A01 manually seat extension in return for an upcharge. See type guide.

Ottoman with storage space
An ottoman has a fold-out function with integrated storage space. Functional ottomen do not have a spring core in the seat. All ottomen are available with castors for upcharge. See type guide for item no.

Flexible plug-in headrest
The headrest U 92 with joint can be inserted into the opening between the back body and the back cushions individually.

Order information
Back sides of sofas:
All pieces are genuinely upholstered at the back.

Flexible armparts/ottoman:
In the case of the flexible armparts and ottoman with notch function, a max. weight-bearing capacity of up to 25 kg is guaranteed. They are not to be used for sitting on.

Positioning diagram:
Please send us a positioning diagram, depending on the many different variations available. We have marked the connecting sides in red for some elements in the type guide.

Connecting sides:
For an upcharge, the connecting sides can be supplied in the original cover instead of stretch fabric.

Seam appearance:
Decorative, felled or double seams may appear different in fabric and leather versions. For manufacturing reasons, seams may be left out of the fabric version or replaced with simple seams.

Combined covers:
This model can also be supplied in a combination of different cover qualities. This is shown as follows in the order:
1st cover information = base; 2nd cover information = seat/back/armpart pillow.
Price: combination within the same fabric/leather quality: Price = plain price +2%. All the other combinations: price = plain price cover 1 + plain price cover 2 + total calculated -50%.

Contrasting thread:
In some leather colours, this model can be supplied with a contrasting coloured thread, at no upcharge. The colours as given can be found on the main sheet of each leather quality in the fabric/leather wagon. Please always specify the contrasting thread number or tonal colours will be supplied.

Recommendation:
We recommend the tables from the model range 40024 as an accessory. As storage place onto the ottomen we recommend the plexiglass cover L009 or a roll mat from model range 10006.

All of the dimensions given are approximately.

Dimensions in cm: We reserve the right to make changes. Dimensions are given as follows: width/depth/height/seat height and refer to the leg height ca. 13 cm.

Seat depth: ca. 56 cm
Seat depth with function extendible lying flat surface: ca. 72 cm
Total depth if seat is extended: ca. 106 cm
Seat height: ca. 41 cm/43 cm
Seat height armchair: ca. 40 cm/42 cm

Crease formation:
Fabric and leather stretch to a lesser or larger extent under the influence of body weight, which can lead to the formation of creases in the cover. This visual change does not affect use, function and life span and it is not a defect.

Chromatic aberrations:
The wooden structure is different from ordering to ordering. Deliveries after colour samples are basically excluded from complaints and exchange. We take care of the best correspondence possible.

Order checklist
- Structure and cover (order information)
- Leg design/-height
- Leg colour with wooden/metal legs
- Seat extension (upcharge)
- Ottomen/panel for ottomen (order information)
- Castors for ottomen (upcharge)
- Plug-in backrest
- Positioning diagram
- Contrasting thread
- Pillows
- Flexible plug-in headrest
Upholstered furniture frame structure

1. **Frame** – Beech wood structure
2. **Seat suspension** with permanently elastic wave springs
3. **Seat upholstery structure** – spring core with diolen cover incorporated into ergoPUR-foam
4. **Back suspension** with upholstery strap
5. **Back upholstery structure** of ergoPUR-foam with diolen cover

The design of the cross section shown here does not correspond to the model on this page of the catalogue.

**Legs**

- **ca. 13 cm/seat height ca. 41 cm**
  - wooden/metal leg
gloss, diff. stain
dead
  - metal leg brushed

- **ca. 15 cm/seat height ca. 43 cm**
  - wooden/metal leg
gloss, diff. stain
dead
  - metal leg brushed
  - metal leg brushed matt

- **ca. 3 cm/seat height ca. 40 cm**
  - wooden leg, diff. stain shades

- **ca. 5 cm/seat height ca. 42 cm**
  - wooden leg, diff. stain shades

Leg and seat heights:
Due to different leg heights, the model is available in different seat and total heights. The leg design has to be indicated.

Castors for ottomen:
Every ottoman can be equipped with castors for an upcharge. The item number is marked with an "R" (e.g. G ...R). Two of the castors can be fixed. Please note that the castors are available in two different heights.

Leg colours:
The legs including wood are available in a choice of different stain shades. We are happy to advise you.

Legs for armchair:
The ME armchair is available with the legs F 34/F 42 and F 44/F 7J, only. Therefore it has another seat height than the other elements.

Legs for armchair:
The ME armchair is available with the legs F 34/F 42 and F 44/F 7J, only. Therefore it has another seat height than the other elements.
