Seat and backrest adjustment

The armchair can be fitted with a battery-powered motorised seat and backrest adjustment system for an additional charge (**item no. F30**).

nanoSOFT seating comfort

This model features the special **nanoSOFT** seating comfort, which combines softness with ergonomic support.

Combined covers

This model can also be supplied in combined cover qualities and cover colours. See order information and image.

Swivel function

The armchair is fitted with a 4-star swivel base. The ottoman is fixed.

Contrast stitching

This model is available with contrasting stitching in leather on the body for free. Please specify, as the item will otherwise be supplied in a tone-on-tone finish.

ORDER INFORMATION

Adjustment by motor:

Please pay attention that with using the adjustment by motor with battery pack the battery has to be charged completely every 4 to 6 weeks, also if the function wasn't used regularly..

Rotary limitation:

The armchairs with stream supply by net cable are defeated by a rotary limitation to maximum 355° what serves for the protection of the net cable.

Combined covers:

This model can also be supplied in a combination of different cover qualities and colours. See price list.

price 1: frame

price 2: seat and back cushions, arm part cushions

Contrasting thread:

www.schillig.com

This model is available in leather and some fabric colours with contrasting colour thread at no extra charge. You will find the specified colours in our fabric/leather trolley. Please state the no., otherwise tone-in-tone will be delivered.

Seam appearance:

Decorative, felled or double seams may appear different in fabric and leather versions. For manufacturing reasons, seams may be left out of the fabric version or replaced with simple seams.

All of the dimensions given are approximate dimensions in cm in width/depth/height/seat height. We reserve the right to make changes. The dimensions given always refer to the unloaded state.

Note on seat height:

The final seat height on this model is only reached over time by sitting in, due to the

upholstery construction.

Seat depth: approx. **50 cm**

Overall depth with function: approx. **111 cm**

Particularly casual upholstery:

The upholstery of the model is particularly casually processed to create a certain visual appearance, which is characterised by a super soft surface. Covers may already show a pronounced wave pattern on delivery, which is intentional in terms of design and construction and can become even more pronounced during use. This is not a quality defect, but a model-related characteristic.

Digital fabric/leather and colour samples:

The visual appearance of the covers and colour samples may vary, samples in accordance - colour and structure deviations possible.

Note on the upholstery structure:

For this model, inlets with chamber cushions

have been used in the seat and back cushions.

This can lead to the marking of individual chambers and is a typical feature of the product.

UPHOLSTERED FURNITURE QUALITY

Upholstered furniture from passion.

For more than 75 years, this passion has led to the creation of high-quality and special pieces of furniture and designer furniture - sofas that combine elegant and contemporary design with first-class comfort. We stand for craftsmanship, trend-setting ideas, appealing design and know-how from Germany. The result is upholstered furniture with guaranteed first-class comfort and attention to detail. When selecting our materials, we prioritise quality, durability and compliance with the DIN & RAL guidelines of the DGM.

- Traditional craftsmanship down to the last detail
- High-quality materials for a long service life
- Careful & precise workmanship
- Cooperation with renowned furniture designers
- Production according to DIN & RAL quality guidelines of the Deutsche Gütegemeinschaft Möbel e.V.
- Regularly tested product quality
- Development at the Upper Franconian location in Ebersdorf near Coburg
- Carefully selected fabric and leather cover collections in many colours for a wide range of requirements.
