**Flexible headrest**

Every article is equipped with stageless headrest adjustment for standard.

**The right spin**

For an extra charge the armchair can be equipped with a metal turntable.

**Seat- /back adjustment**

The articles have a manual seat- / back adjustment for standard. For surcharge the function is available with motor. See order information.

**Seat-/Back heights**

The ML55. armchair has a taller back cushion of approx. 4 cm. 3 seat heights can be chosen for each armchair. That results of a taller leg.

**Metallic colours for sides and legs**

The armparts are available to match the legs in the metal colours black or shiny chrome. You have the choice!

ORDER INFORMATION**Seat/backrest adjustment:**

The backrest tilts backwards, at the same time the seat slides backwards and lowers slightly. The legrest extends. Overall, the angle between backrest and seat remains unchanged. Manual with gas spring (standard/included): By operating the lateral chrome lever, you can use your body weight to lower the backrest continuously without further altering the seat or footrest. The desired seat position can be locked.

Motorised adjustment (at extra cost):

At extra cost, the seat-back adjustment can also be ordered with a single motor (F20), single motor with battery (F30), double motor (Art. No. = F40) or double motor with battery (Art. No. = F70).

Basic armchair = gas spring function by lever

Please specify when ordering!

F20 (at extra charge) = single motor

F30 (at extra charge) = single motor with battery

F40 (at extra charge) = double motor

F70 (at extra charge) = double motor with battery

Adjustment by motor:

Please pay attention that with using the adjustment by motor with battery pack the battery has to be charged completely every 4 to 6 weeks, also if the function wasn't used regularly..

Rotary limitation:

The armchairs with stream supply by net cable

are defeated by a rotary limitation to maximum 355° what serves for the protection of the net cable.

Armchair sizes:

MS50. - Single armchair „small“ - seat grid approx. 50 cm, back height standard

MM50. - Single armchair „medium“ - seat grid approx. 50 cm, back height standard

ML55. - Single armchair „large“ - seat grid approx. 55 cm, back height standard + approx. 4 cm (high)

Seam appearance:

Decorative, felled or double seams may appear different in fabric and leather versions. For manufacturing reasons, seams may be left out of the fabric version or replaced with simple seams.

All of the dimensions given are approximate dimensions in cm in width/depth/height/ seat height. We reserve the right to make changes. The measures refer to the small leg height.

The swivel legs protrude. The dimensions are given excluding this protrusion.

Seat depth: approx. **47 cm**

Armpart width: approx. **7 cm**

Armpart height: approx. **65 cm** (MM50.)

Overall depth with function: approx. **165 cm**

Seat height: approx. **47 cm** / approx. **50 cm** / approx. **53 cm**

Contrasting thread:

This model is available in leather and some fabric colours with contrasting colour thread at no extra charge. You will find the specified colours

in our fabric/leather trolley. Please state the no., otherwise tone-in-tone will be delivered.

Model-related feature:

The upholstery is deliberately processed casually to create a certain visual appearance. Waving is not a quality defect, but a model-related feature that ensures optimum seating comfort.

Digital fabric/leather and colour samples:

The visual appearance of the covers and colour samples may vary, samples in accordance - colour and structure deviations possible.
