

[sinaatra]

...is a perfect example of understatement.

Many and diverse **strengths** and extension options are concealed beneath the classic shapes. That guarantees that the style factor never gets lost, despite all fitting and combination options! Along with a choice of different seat heights, [sinaatra] can be enhanced almost invisibly and **ergoslide** by sensor touch button is the magic word.

### Flexible headrest

Every item can be equipped with a notch headrest function for upcharge

(item no. KV1, KV2, KV3). The function is also available by motor for upcharge (item no. KVE1, KVE2; except on EG 75R/L, ET).

### ergoslide by motor

Every sofa and one arm chaise (except KN 75R/L) can be equipped with the **ergoslide** function by motor for upcharge. Sensor touch buttons manage the adjustment.

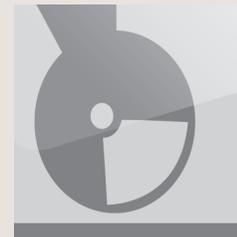

### Contrasting thread

In some leather colours this model can be supplied with a contrasting-coloured thread, at no upcharge.

### Castors for ottomen

The ottomen can be equipped with castors for upcharge. Two of the castors can be fixed. Thus a comfortable, big couch surface arises.

## Order information

#### Load-bearing capacity of the function:

There is a maximum load-bearing capacity of the legrest up to 30 kg guaranteed for the **ergoslide** function.

#### Back sides of sofas:

All pieces are genuinely upholstered at the back.

#### Positioning diagram:

Please send us a positioning diagram, depending on the many different variations available. We have marked the connecting sides in red for some elements in the type guide.

#### Connecting sides:

For an upcharge, the connecting sides can be supplied in the original cover instead of stretch fabric.

#### Seam appearance:

Decorative, felled or double seams may appear different in fabric and leather versions. For manufacturing reasons, seams may be left out of the fabric version or replaced with simple seams.

#### Contrasting thread:

In some leather colours, this model can be supplied with a contrasting coloured thread, at no upcharge. The colours as given can be found on the main sheet of each leather quality in the fabric/leather wagon. Please always specify the contrasting thread number or tonal colours will be supplied.

#### Recommendation:

We recommend the tables from the model range 40024 as an accessory. We recommend the armchairs no. 32506 [apollon] and no. 32508 [eros] from our ergorelax series as an occasional furniture. As storage place onto the ottomen we recommend the plexiglass cover L 011 or a roll mat fom model range 10006.

**All of the dimensions given are approximate. dimensions in cm. We reserve the right to make changes. Dimensions are given as follows: width/depth/height/seat height and refer to the leg height ca. 12 cm. The depth measures contain protruding of the overlapping headrest, if the headrest is folded backwards.**

Seat depth: ca. **58 cm**

#### Measures of ergoslide function:

Protruding forward: ca. **56 cm**

Total depth with function: ca. **157 cm**

Seat depth with function: ca. **100 cm**

#### Measures with headrest function:

Height if headrest up: ca. **110 cm**

Height if headrest down: ca. **88 cm**

#### Model-specific qualities:

The upholstery of this model has intentionally been made loosely to create a certain visual effect. This is not a quality defect but a model-specific characteristic that guarantees optimum seat comfort.

#### Functions and accessories:

Upcharge: **ergoslide** function by motor (per seat)

You can choose, in which seat the function should be assembled - the right, the left or both of the seats (in combination with the corner element ET both following seats cannot be adjusted with **ergoslide** at the same time). The adjustment of the **ergoslide** function by motor is an invisible touch button between at the side of the seat cushion.

#### ergoslide function at the one arm chaises:

At the one arm chaise the back lowers and the seat glides

ca. 20 cm forwards. At the same time the seat comes up a little in the middle. A slight gradient ensues at the ottoman. A comfortable, ergonomically seat atmosphere is guaranteed. **The ergoslide function is not available for the KN 75R/L one arm chaises for technical reasons.**

Upcharge: manually flexible head rest, item no. KV1, KV2, KV3

Upcharge: flexible head rest by motor, item no. KVE1, KVE2, KVE3

The adjustment of the electronically headrest adjustment is an invisible touch button between seat and armrest. Also seats without **ergoslide** function can be equipped with the headrest function by motor on condition that one seat is equipped with the **ergoslide** function or it is a one arm chaise. Sofas without **ergoslide** function and only with electronically headrest adjustment are not available. Except the one arm chaises: the electronically headrest adjustment is also available without **ergoslide**.

#### Please note:

If you are choosing the **ergoslide** function, you have to order the headrest adjustment additionally for getting a higher level seating comfort. **ergoslide** without headrest function is not possible.

#### Information on the upholstery structure:

Chamber cushions filled with a high-quality mix of polyester fibres and foam rods have been used in the back. This can lead to depression of the individual chambers, which is a typical product characteristic.
