

[enjoy:relax]

Seating enjoyment that is out of this world.

All those who *love* good furniture get satisfied with this model. "*Wellness* by W.SCHILLIG" is the key for this model. The **ergoslide** function with sensor touch buttons allows relaxation at the highest level. Back and armrests are adjustable in a number of stages.

I like it!

Flexible armparts

The armparts are foldable and fitted with notch function for a surcharge.

Item no. = SV1, SV2.

Flexible headrest

Every item can be equipped with a notch headrest function for surcharge (item no. KV1, KV2, KV3). The function is also available by motor for surcharge (item no. KVE1, KVE2; except on EG 75R/L, ET).

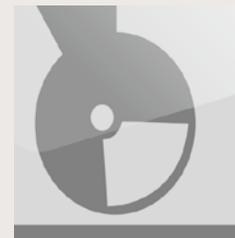

ergoslide motorised

The sofas can be equipped with the motorised **ergoslide** function with sensor touch buttons. **ergoslide** is available with the headrest adjustment, only.

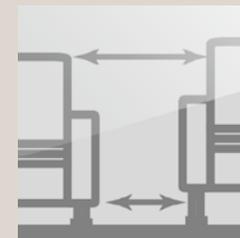

Castors for ottomen

The ottomen can be equipped with castors for surcharge. Two of the castors can be fixed. Thus a comfortable, big couch surface arises.

Leg and seat heights

The model is available in different seat and back heights according to the different leg heights. The leg design has to be indicated.

Order information

Load-bearing capacity of the function:

There is a maximum load-bearing capacity of the legrest up to 30 kg guaranteed for the **ergoslide** function.

Flexible armparts:

A maximum load-bearing capacity up to 25 kg is guaranteed for the functional armrests. They are not made for sitting on.

Back sides of sofas:

All pieces are genuinely upholstered at the back.

Positioning diagram:

Please send us a positioning diagram, depending on the many different variations available. We have marked the connecting sides in red for some elements in the type guide.

Connecting sides:

For a surcharge, the connecting sides can be supplied in the original cover instead of stretch fabric.

Seam appearance:

Decorative, felled or double seams may appear different in fabric and leather versions. For manufacturing reasons, seams may be left out of the fabric version or replaced with simple seams.

Contrasting thread:

In some leather colours, this model can be supplied with a contrasting coloured thread, at no surcharge. The colours as given can be found on the main sheet of each leather quality in the fabric/leather wagon. Please always specify the contrasting thread number or tonal colours will be supplied.

Recommendation:

We recommend the tables from the model range 40024 as an accessory.

We recommend the armchair No. 29600 [mademoiselle] as an occasional furniture. As storage place onto the ottomen we recommend the plexiglass cover L010 or a roll mat fom model range 10006.

All of the dimensions given are approximate. dimensions in cm. We reserve the right to make changes. Dimensions are given as follows: width/depth/height/seat height and refer to the leg height ca. 12 cm. The depth measures contain protruding of the overlapping headrest, if the headrest is folded backwards.

Seat depth: ca. **56 cm**

Seat depth with function: ca. **94 cm**

Seat height: ca. **45 cm/47 cm**

Height, if headrest up: ca. **106 cm/108 cm**

Total depth with function: ca. **157 cm**

Recommended minimum wall clearance: approx. **15 cm**

Armpart height: ca. **52 cm**

Armpart height with function: ca. **71 cm**

Functions and accessories:

surcharge: **ergoslide** function by motor (per seat)

You can choose, in which seat the function should be assembled - the right, the left or both of the seats (in combination with the corner element ET both following seats cannot be adjusted with **ergoslide** at the same time). The adjustment of the **ergoslide** function by motor is an invisible touch button between at the side of the seat cushion. **The ergoslide function is not available for the one arm chaises for technical reasons.**

surcharge: manually flexible head rest, item no. KV1, KV2, KV3

surcharge: flexible headrest by motor, item no. KVE1, KVE2
The adjustment of the electronically headrest adjustment is an invisible touch button between seat and armpart. The headrest function by motor KVE is not available for the corner sofas and corner elements for technical reasons. **The motorised headrest adjustment is available together with the ergoslide function, only.** Also seats without **ergoslide** function can be equipped with the headrest function by motor on condition that one seat is equipped with the **ergoslide** function or it is a one arm chaise.

Please note when ordering the ergoslide function:

If elements with mechanical adjustment are attached to elements with electrical adjustment, there may be differences in the protruding for technical reasons.

Please note:

If you are choosing the ergoslide function, you have to order the headrest adjustment additionally for getting a higher level seating comfort. ergoslide without headrest function is not possible.

Model-specific qualities:

The upholstery of this model has intentionally been made loosely to create a certain visual effect. This is not a quality defect but a model-specific characteristic that guarantees optimum seat comfort.

Information on the upholstery structure:

Chamber cushions filled with a high-quality mix of polyester fibres and foam rods have been used in the back of this model. This can lead to depression of the individual chambers, which is a typical product characteristic.
