

[jill]

*Loungers - effective in more ways than one.*

*Relax your head and put your feet **up** in comfort. The high quality leg frame allows the user to move his legs up and down comfortably and supports the excellent level of **comfort**. Besides the chaise you have the possibility to push the armchair together with the ottoman to get an additionally comfortable chaise.*

*Design: Jan Armgardt*

**Flexible headrest**

Every chaise is equipped with a flexible headrest with notch function as standard.

**Flexible legrest**

Every chaise is equipped with a flexible legrest with notch function as standard.

**Flexible back**

Every chaise is equipped with a flexible back with notch function as standard.

**Free swinging frame**

The free swinging base is available in different metal shades. Please indicate when ordering.

**Contrasting thread**

In some leather colours this model can be supplied with a contrasting-coloured thread, at no surcharge.

**Order information****Cushions of the chaises:**

The cushions with mixed filling will thank you with a long, useful life, if you take off the cushion with the zipper and plump it up regularly. Softness, elasticity and smoothness will be lasting longer. Please take care of this instruction.

**Load-bearing capacity:**

This chaise is **not** for using from more than one person. A maximum load-bearing capacity up to 120 kg is guaranteed.

**Seam appearance:**

Decorative, felled or double seams may appear different in fabric and leather versions. For manufacturing reasons, seams may be left out of the fabric version or replaced with simple seams.

**Contrasting thread:**

In some leather colours, this model can be supplied with a contrasting coloured thread, at no surcharge. The colours as given can be found on the main sheet of each leather quality in the fabric/leather wagon. Please always specify the contrasting thread number or tonal colours will be supplied.

**All of the dimensions given are approximate dimensions in cm. We reserve the right to make changes. Dimensions are given as follows: width/depth/height. The dimensions are given in maximum to show your needed space for the furniture. The measures can vary easily at the chaises, because of the cushion which is fixed by zipper.**

Seat depth individual armchair: ca. **56 cm**

Total depth of the armchair, lying position: ca. **118 cm**

Total depth of the chaise, lying position: ca. **197 cm**

**Especially loose-fitting upholstery:**

The upholstery of this model has intentionally been made especially loose to create a certain visual effect. The especially loose-fitting upholstery is characterized by an extremely soft surface. When being delivered, the cover shows a distinctive wave formation, which design- and constructionwise is being desired and can get more by usage. It is not a quality defect but a model-specific characteristic.

**Information on the upholstery structure:**

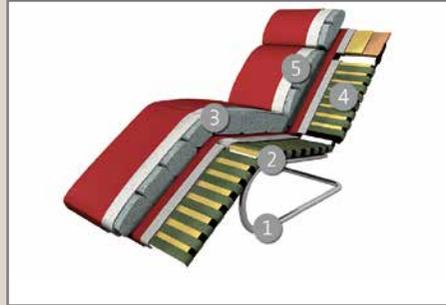

Chamber cushions filled with a high-quality mix of polyester fibres and foam rods have been used in the seat and back. This can lead to depression of the individual chambers, which is a typical product characteristic.

**Order checklist**

- Structure and cover
- Leg frame implementation
- Contrasting thread

### Upholstered furniture frame structure

- 1. **Frame** – metal construction
